

Tenara[®]

SEWING THREAD

*For seams that last
a fabric's lifetime.*

For marine and outdoor products, GORE[®] TENARA[®] Sewing Thread is the versatile, high-performance choice:

- Designed for high speed sewing
- Many colour options available
- Will not fade, stain or discolour

It will not deteriorate from exposure to:

- UV radiation in sunlight
- Mould, mildew and acid rain
- Cleaning solutions, salt water and industrial pollutants

In fact, GORE[®] TENARA[®] Sewing Thread will outlast the fabric into which it is sewn.

Gore guarantees it!*

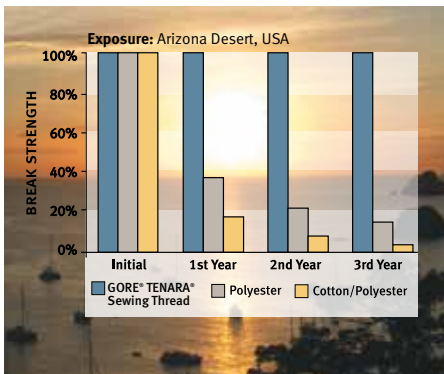

Tenara®

SEWING THREAD

Guaranteed to Last

Premium Quality Brand

Beauty That Endures

Unaffected by Sunlight

GORE® TENARA® Sewing Thread maintains its strength even after regular exposure to UV sunlight. UV resistance is built into the thread, and is not a coating or additive that can wear off.

Weather-Proof

GORE® TENARA® Sewing Thread remains flexible and strong in extremes of hot and cold. It won't absorb water and it resists acid rain, salt water, pollution, snow and freezing.

Enhance Your Reputation

Using GORE® TENARA® Sewing Thread tells your customers that they are buying a premium product built to last with durable seams and a brand that's backed by more than 25 years of experience from the company that invented it.

To help you promote the benefits of GORE® TENARA® Sewing Thread, Gore has industry-leading marketing support and materials.

Easy to Clean

GORE® TENARA® Sewing Thread is unaffected by acids, alkaline solutions, bleach and cleaning chemicals and it will not stain.

Colours Will Not Fade

Made with non-fading pigments that are highly resistant to light, the coloured thread retains its bold appearance over time. GORE® TENARA® Sewing Thread is pigmented—not dyed. Due to its exceptional material properties, TENARA® thread is extremely colour-fast.**

Primary Applications

Outdoor

- Awnings
- Garden structures
- Outdoor upholstery
- Patio furniture
- Sun Protection and shade sails
- Swimming pool covers
- Umbrellas

Marine

- Bimini tops
- Boat covers
- Boat enclosures
- Dodgers
- Sail covers
- Sails
- Seat cushions
- Side curtains
- Upholstery

**According to DIN EN ISO 105-B06A:2004-07 tests conducted by Hohenstein Laboratories in 2012, all colours of GORE® TENARA® Sewing Thread received a lightfastness rating of 8, the highest possible.

For seams that last a fabric's lifetime. Guaranteed.*

*The fabricator is responsible for determining the correct thread size for the application.

Tenara[®]
SEWING THREAD

*15 Year Warranty

GORE® TENARA® Sewing Thread will be delivered free from defects in material and workmanship and will not be damaged by exposure to sunlight, weather or water.

W. L. Gore & Associates GmbH makes this warranty for a period of 15 years after purchase to all owners of a product stitched with GORE® TENARA® Sewing Thread.

This warranty covers the use of GORE® TENARA® Sewing Thread in all applications for sun protection (e.g. awnings, shade sails) and marine applications (e.g. tarpaulins, boat awnings). This warranty does not cover defects resulting from improper sewing, abrasion, cuts, fires and the like.

W. L. Gore & Associates GmbH will replace sewing thread failing to meet this warranty or, should you prefer, will refund the price of the defective thread. In addition, Gore will pay the reasonable and customary expense of a repair by an authorised dealer, if the seam was entirely stitched with GORE® TENARA® Sewing Thread.

This warranty does not cover other costs that arise as an indirect result of the repair, such as transportation and installation costs.

This warranty does not in any way affect the purchaser's statutory rights.

To make a claim under this warranty please contact an authorized dealer or W. L. Gore & Associates GmbH.
